This was a review hearing to deal with the tenant's application to allow her more time to make an application to cancel a Notice to End Tenancy. While the landlord attended the hearing, the tenant did not. I find no new evidence to indicate that my previous Orders should not be confirmed. Therefore, the Orders dated December 10, 2008 in which the landlord was given an order of possession and a monetary order of \$998.61 are confirmed.

Dated February 03, 2009.
