Residential Tenancy Branch  
Office of Housing and Construction Standards

## Decision

**Dispute Codes:** CNC

This hearing was convened in response to the tenants' application for cancellation of a notice to end tenancy. However, in response to the landlord's application for an early end to tenancy, a hearing was previously held on May 25, 2011. In the result, an order of possession was issued in favour of the landlord, and the tenants have now vacated the unit. In view of the foregoing, I consider the tenants' application to be withdrawn.

This decision is made on authority delegated to me by the Director of the Residential Tenancy Branch under section 9.1(1) of the *Residential Tenancy Act*.
