

DECISION

Dispute Codes: CNC

Introduction

By application of August 25, 2011, the tenant sought to have set aside a Notice to End Tenancy for cause served by letter of July 20, 2011.

By written submission of September 12, 2011 and orally at the hearing, the landlord's representative advised that the subject tenancy is governed by the *Community Care Facilities and Assisted Living Act*.

As noted at the hearing, living accommodations governed by that statute, among others, are expressly excluded from the jurisdiction of the *Residential Tenancy Act* under section 4(g)(i) of the *Act*.

Accordingly, I must decline jurisdiction in this matter.
