DECISION

Dispute Codes O

This matter was convened to address an application by the landlord for an order of possession based on a mutual agreement to end tenancy and was set for a telephone conference call hearing at 9:00 a.m. on this date. The line remained open while the phone system was monitored for 10 minutes. As neither party called into the conference call during this 10 minute window, this application is dismissed with leave to reapply. Leave to reapply is not an extension of any applicable limitation period.

This decision is made on authority delegated to me by the Director of the Residential Tenancy Branch under Section 9.1(1) of the *Residential Tenancy Act*.
