## DECISION

Dispute Codes      O

This hearing was convened to address applications by the landlord and the tenant for an order respecting a mutual agreement to end a tenancy. At the time appointed for the hearing, the landlord advised that the tenant had vacated the rental unit. As the issue to be decided is now moot, I consider the claims to have been withdrawn.

This decision is made on authority delegated to me by the Director of the Residential Tenancy Branch under Section 9.1(1) of the *Residential Tenancy Act*.
