CORRECTION DECISION

Dispute Codes MNSD, MND, MNR, O, FF

On October 30, 2015, the tenant filed a request for clarification, advising that I had neglected to address part of her monetary claim in my decision issued on October 16, 2015. I consider this to be a request for correction rather than a request for clarification.

In reviewing the decision it is clear that I inadvertently overlooked addressing the tenant's claim for the return of April's rent. I therefore have amended the decision to address that claim and I enclose herewith a copy of the amended decision with the amendments underlined.

This decision is made on authority delegated to me by the Director of the Residential Tenancy Branch under Section 9.1(1) of the *Residential Tenancy Act*.
